TIME 12 noon – 2.30pm

COST \$75pp HIA Member | \$90pp Non-member
Includes 2 course lunch and complimentary parking

RSVP 8 November

Enjoy lunch with friends, colleagues, meet and network with other industry professionals at this year's Women in Industry lunch. Be inspired by amazing women that represent various roles and sectors of the building and construction industry – hear about their challenges, achievements, life and career journey. Speakers will then share more of their story in a group panel discussion.

KEYNOTE SPEAKER: Fi Shewring

Fi is a tradeswoman, TAFE teacher, proud grandma and was struck by the lack of women in her industry. She began researching and writing on the topic, but felt this wasn't doing enough to generate change. So she started SALT (Supporting and Linking Tradeswomen) and SALT's unique mobile workshop, travelling Australia and teaching women trade related skills. Fi's life journey and experiences are bound to be inspirational and undoubtedly involve much laughter – including stories of SALT's Earth Volunteers' commitment to assisting drought afflicted farmers. A story to be shared and enjoyed.
